(2) Complete four online multiple choice/fill-in-the-blank exams as directed. Each exam will consist of varying numbers of multiple choice and fill-in-the-blank questions. The multiple choice questions will count five points each and the fill-in-the-blank questions will count one point each, totaling 100 points for each exam. A grid with the fill-in-the-blank answer choices will be provided with each exam. These four exams will count sixty percent of the total grade.

(3) Two online Learning Forums will be opened in Week 2 and closed at the end of Week 7. Students will be expected to participate in both forums. Although

V. Class Policies and Regulations:

Students should familiarize themselves with the most recent version of the *Mississippi College Undergraduate Catalog*.

Academic integrity: Mississippi College students are expected to be scrupulously honest. Dishonesty, such as cheating or furnishing false information, including forgery, alteration or misuse of College documents, records, or identification, will be regarded as a serious offense subject to severe penalty. Students who violate the university academic honesty policy will be ineligible for Department of History and Political Science honors and for letters of reference from department faculty.

Plagiarism is the undocumented use of a source regardless of whether it is directly quoted or simply paraphrased. Unless it is common knowledge, any idea or information presented in a paper that you got from any source must be documented with both a citation within the body of the paper **AND** a bibliography entry at the end of the paper. **The absence of either or both of these elements constitutes plagiarism and will, at a minimum, be punished with a failing grade (F=0 points) for the paper. Further action (i.e. failure for the class and/or movement for expulsion from the university) will depend upon the severity of the offense.** The rule of thumb is to borrow exact language *only when the actual language of your source is better than any paraphrasing you could do*. When in doubt, put it in your own words *and then cite the source*.

VII. **<u>Make-Up Exams</u>**: Students are expected to take exams at the scheduled time. **Make-up exams will only be given to those who present a verifiable written excuse.** Failure to do so will prohibit you from taking a make-up exam.

As a matter of course, all make-up exams (whatever the cause for missing the regularly scheduled one) will have 10 points subtracted.

It is the student's responsibility to arrange a make-up time with the instructor. The difficulty of the exam will be at the instructor's discretion.

VIII. <u>Services for Students with Disabilities</u>:

In order for a student to receive disability accommodations under Section 504 of the Americans with Disabilities Act, he or she must schedule an individual meeting with the Director of Student Counseling Services (SCS) immediately upon recognition of their disability (if their disability is known they must come in before the semester begins or make an appointment immediately upon receipt of their syllabi for the new semester). The student must bring with them written documentation from a medical physician and/or licensed clinician that verifies their disability. If the student has received prior accommodations, they must bring written documentation of those accommodations (example Individualized Education Plan from the school system). Documentation must be current (within 3 years).

The student must meet with SCS face-to face and also attend two (2) additional follow up meetings (one mid semester before or after midterm examinations and the last one at the end of the semester). Please note that the student may also schedule additional meetings as needed for support through SCS as they work with their professor throughout the semester. Note: Students must come in each semester to complete their Individualized Accommodation Plan (example: MC student completes fall semester IAP plan and even if student is a continuing student for the spring semester they must come in again to complete their spring semester IAP plan).

IX. <u>Last Day to Drop the Class</u>:

The last day to drop this class with 100% Tuition Only Refund is October 31. The last day to drop with No Tuition Refund is November 22.

X. <u>Early Alert:</u>

Mississippi College has adopted the practice of finding students early in the semester who may be exhibiting behaviors that could ultimately have a negative impact on their academic progress. These behaviors are often called "red flag" behaviors and include, but are not limited to, excessive absences, poor test grades, and lack of class participation or evidence of non-engagement. Identifying these behaviors early gives the instructor the opportunity to raise the "red flag" on behalf of a particular student so that the student can take the appropriate action to redirect his/her progress. The system alerts the student, the student's advisor, and the Office of Student Success.

These messages are intended to help a student recognize an area of concern and to encourage him/her to make some choices to improve the situation. When a student receives an Early Alert message, the student should quickly make an appointment to talk with his/her professor about the situation. Also, students can make full use of the Office of Student Success to set academic goals and connect to campus resources.
