Office Hours: MW 3:30-4:30 p.m., TR 9:00-11:00 a.m. or by appointment (Office hours spent in Aven 405B or Farr Hall)

Contact: 601-925-3957 or Berdami@mc.edu

I. ART 302 *Interior Design Graphics II*, 3 Credit hours

II. PRE-REQUISITE: ART 301

III. TEXTBOOK:

Mitton, M. (2012). *Interior Design Visual Presentation*. Hoboken, NJ: John Wiley and Sons, Inc.

IV. COURSE DESCRIPTION

Study and application of perspective drawing techniques and color rendering techniques as they relate to exterior and interior spaces.

V. RATIONALE

The ability to draw and color render freehand conceptual diagrams and perspectives is critical to the development of a portfolio that meets professional standards.

VI. LEARNING OBJECTIVES AND OUTCOMES

- A. The major goal of this class is to enable students to apply perspective drawing and color rendering techniques in presenting visual solutions to interior design problems.
- B. The student will be able to draw one and two-point perspectives.
- C. The student will be able to project accurate measurements from a floor plan into three-dimensional perspective drawings. .
- D. The student will understand and apply focal point and edging rendering techniques.

VII. COURSE TOPICS

- A. Perspective grids
- B. Interior perspective drawings: one-point perspectives and two-point perspectives
- C. Rendering surface materials used in interior spaces
- D. Light and shadow color rendering techniques
- E. Floor plan color rendering techniques

F. Plan oblique drawings
