administered Guardian Life Insurance Company**

Long Term Disability Insurance (LTD) is insurance that provides a monetary benefit if an employee becomes disabled as a result of an injury or sickness and after a period of 90-days, can no longer work. Long Term Disability works in conjunction with the social security disability benefits. The University pays for ½ of the premium and the employee pays for ½ of the premium. See Long-term Disability attachment for long term disability premium amounts. To obtain the summary plan document for Long Term Disability insurance, contact Human Resources.

**LONG TERM CARE INSURANCE - administered by Genworth**

Long term care insurance enhances Mississippi College benefits by meeting a largely unrecognized need many of us may have. It pays for covered expenses for long term care services whether they are received *at home, in the community or in a nursing facility*. Here are a few points to consider:

- These expenses aren't covered by either disability or health insurance.
- Relying on government programs may not be a viable solution.
- Without insurance, the costs of these services may have to come out of our savings.

**RETIREMENT PLAN - administered by TIAA-CREF AND GUIDESTONE**

Upon employment (no waiting period), the University contributes **7%** of employee's salary to our Defined Contribution (DC) Retirement Plan with TIAA-CREF. A defined contribution plan means that contributions are paid into an individual account for each member. The contributions are invested, according to your selections from funds designated by the University's plan and the returns on the investment (which may be positive or negative) are credited to the individual's account. On retirement, the employee's account is used to provide retirement benefits, sometimes through the purchase of an annuity, which then provides a regular income. This contribution is not a reduction in your bi-weekly salary.

The defined contribution plan has a 5 year vesting schedule:

- Completion of 1 year of service - 20% vested
- Completion of 2 years of service - 40% vested
- Completion of 3 years of service - 60% vested
- Completion of 4 years of service - 80% vested
- Completion of 5 years of service - 100% vested

The TIAA-CREF website, [www.tiaa-cref.org](http://www.tiaa-cref.org), offers education information to assist you in knowing your numbers for retirement along with investment options. Retirement advisors are available to employees at not additional charge. You can also contact TIAA CREF by phone at (800) 842-2242

*After completion of 5 years of service*, the University begins matching employee contributions, in addition to the 7% according to the schedule below:

	Employee Contribution Amount	Mississippi College Match (and total Contribution Amount)
5 to 9 Years of Service	1%	1% match (total 8%)
10 to 14 Years of Service	2%	2% match (total of 9%)
15+ Years of Service	3%	3% match (total of 10%)

**Tax Deferred Retirement Contributions**-The University offers employees the option to contribute through payroll deduction to a tax-deferred retirement plan 403(b). Employees can contribute the maximum amount allowed by Internal Revenue Service for 403(b) plans. New employees are eligible to start retirement contributions on the first day of the month following a 30-day waiting period. Also the plan allows “catch-up” contributions for employees over 50 years of age. The IRS limits are published annually and can be found on the IRS website in Publication 571. Contributions to this retirement are exempt from federal and state payroll taxes. Contribution election amounts can be changed at any time.

Through payroll deduction, the University offers the following companies for tax deferred annuities: TIAA-CREF and Guidestone Financial Resources. Please contact the Office of Human Resources for more information regarding this benefit.
