We could not have asked for a better start to the semester! We held a leadership training day at the beginning of the semester to make sure all of our leaders were on the same page and it went well! Dr. Lee Cope, a local pediatric dentist, and his wife hosted us for dinner that night after our training and then we returned to campus to specifically pray for each team represented. It was an amazing time with all of our leaders! We have so many things planned for this year and are excited to see what God does through FCA!

Leaders played games to build teamwork during our leadership training.

At leadership training, we discussed what our theme would be for this year at FCA. We all agreed on the theme, "Stand Firm," with Galatians 5:1 as our theme verse: ***"It is for freedom that Christ has set us free. Stand firm, then, and do not let yourselves be burdened again by a yoke of slavery."*** Our theme last year was about removing the sin in our lives and becoming CLEAN. There were many chains broken and students that were freed. Our concern this year was to not let those things return. Our question to the students is, ***"What are you putting back in where those sins once were?"*** Our study of Scripture at the huddles will be focused on what the book of James has to say about our walk of faith. We want the students to understand that walking with God by faith is so much greater than any of us can understand. ***If we stand firm in our faith and see Him come through for us, why would we ever go back to the thing that once led us to death?*** This is why our theme is "Stand Firm," and the students are jumping on board and running with it!

To increase awareness for FCA, we played a game called Angleball on campus during lunch hours. Many who played came to FCA!

For our first two huddles we have had 90+ students attend.

We had our first huddle at the beginning of September and had 90+ students come! We had our second huddle this week and again had 90+ students and 30 of those were people who did not come the first week! ***It has recently hit us that with these numbers we have seen 25% of the athletes at FCA in 2 weeks!*** What an opportunity we have to share the love of Christ! ***We also want to say that we have amazing student leaders and these numbers represent their character and hard work to invest in their teammates.*** We are so proud to be working alongside each one of them! To make things more exciting, there have been great conversations that our leaders have had with their teammates about the work God is doing in their lives. These conversations have been generated from what we are going through in FCA and also about devotions that have been shared before games. God is moving!

Freshman volleyball player Rachel Farmer won the Bumblebee Award on 9/12/11 for her All Tournament honors and for being named ASC hitter of the week.

Justin shared with students at Northwest Rankin High School about having joy through trials.

We have had many events and activities so far and are excited about what's to come! Please look at the pictures and read the captions to see all that has happened thus far!

May the Lord bless you and keep you and make his face shine upon you and be gracious to you,
