I hope you all had a great Spring Break and are enjoying this spring weather! We had a great spring break and are looking forward to these last few weeks while classes are still in session. We have encouraged our leaders not to coast toward the summer, but rather focus on what they can invest for the next 5 weeks.

In the last update, I mentioned that we were planning to host a duathlon and 5K as a fundraiser for our budget. ***I am excited to tell you that it went well!***

Having 50 participants was our goal and officially we had 48 register! We were so excited to get this event off the ground and are definitely planning to make it an annual event for us. Thank you for your help, support and prayer for this event!

Duathlon participants ran a 2k, biked a 10k, then finished the race with a 5k run. For more pictures, check out our page on [Flickr](#).

We have been traveling with the spring sports and have had a great time getting to know more athletes. I traveled with the softball at the end of March and Justin traveled with baseball last weekend. This coming weekend, we will be traveling with the tennis team. We are so blessed to have coaches that allow us to go with them because these trips open doors for us to talk to athletes who may never step foot in a FCA huddle. ***Our goal while on these trips is simply to build relationships and serve in any way we can.***

Currently, at our FCA huddles, we have been answering questions to students' questions about a variety of topics. Two weeks ago, a professor on campus came and answered the question, "Can I lose my salvation?" This past week, a friend of ours from college answered the question, "Partying: Is partying as a Christian okay? What are the rights and wrongs?" The message he gave had such an impact. He spoke about how issues and questions like that don't really have a yes or no answer, but that it is really a heart issue. I love how the Holy Spirit works because he has been reminding me lately about how God judges the thoughts and intentions of the heart rather than by a list of do's and don'ts. ***His message drove home the message of the Gospel; that Christ came to transform hearts first and then the good works would come from a purified heart.*** We followed this weeks meeting with a time of fellowship so that we could all watch the national championship basketball game and eat some food. The great thing about it was that most people enjoyed hanging out together and I don't think many actually watched the game. 😊

Last but not least, we will be hosting an Amazing Race event on campus **April 18 at 8pm**, and would like to invite you to put together a team and join us. Registration is \$10/team of 5 or \$2/individual if you don't have a team. **If you would like to register, volunteer, or if you would like to donate prizes, please email me at bpigott@fca.org.** Volunteers will be responsible for making sure the participants successfully complete a challenge at a station and then will give them their next clue. Please make sure to contact me ASAP if you are interested!

Thank you so much for your continued support!

May the Lord bless you and keep you and make his face shine upon you and be gracious to you,

Baseball player, Brandon Benton, received the Bumblebee Award on March 14, for his performance in a weekend series when he hit 3 homeruns.

Basketball player, Traci Rodgers, and tennis player, Howard Summers, won the Bumblebee Award on March 21. Traci won for her game winning shot to beat Louisiana College in their last home game of the season, and Howard won for his comeback win in a match against Belhaven.

Track runner, Ivy Price, received the Bumblebee Award on March 28, for her first place finish in the steeple chase.

Track runner, Zak Prevost, received the Bumblebee Award on April 4, for his amazing race finish in the 1500 meters. He finished with a time of 4:07.
