

HISTORICAL HIGHLIGHTS OF MISSISSIPPI COLLEGE

- ! Mississippi College, originally known as Hampstead Academy, received its first charter, signed by Governor David Holmes, on January 24, 1826. The name was changed to Mississippi Academy in 1827 at the request of the board of trustees.
- ! Three years later, on December 18, 1830, having become an institution of collegiate rank, the name was changed to Mississippi College. It was the third such institution in Mississippi, but as the other two institutions no longer exist, Mississippi College today has the distinction of being the oldest institution of higher learning in the state.
- ! Mississippi College, during its early years, was not church-related and was once offered to be ‘*the*’ State University. It has past affiliations with the community, the Methodists, the Presbyterians, back to the community and since 1850 it has been operated by the Mississippi Baptist Convention through an elected Board of Trustees.
- ! A private institution, the College in its early years was coeducational and in 1831, Mississippi College became the first such college in the U.S. to grant a degree to a woman.
- ! In 1850 the Female department was discontinued; and in 1853 a Central Female Institute, later renamed Hillman College, was established in Clinton. In 1942 Mississippi College purchased and absorbed Hillman College, and the institution was again coeducational.
- ! The Civil War caused Mississippi College to suffer: its endowment was destroyed, its student body disbanded, and its buildings deteriorated. Under the leadership of Dr. Warren S. Webb (1873-1891) the college stabilized.
- ! Under the administration of Dr. W. T. Lowrey (1898-1911), the endowment fund was renewed and the plant was greatly improved.
- ! The administration of Dr. J. W. Provine (1911-1932) was a fruitful period, seeing the completion of Provine Science Building (largely constructed in Dr. Lowrey’s administration), and the construction of Lowrey Hall, Alumni Hall, Farr-Hall Hospital, Jennings Hall, Ratliff Hall and Chrestman Hall. The endowment was increased to more than \$500,000 and in 1922 the College was initially accredited by the Southern Association of Colleges and Schools (SACS). The enrollment reached 400.
- ! During the twenty-five year administration of Dr. D. M. Nelson (1932-1957), the college successfully withstood the depression and emerged stronger. During World War II, women were once again admitted and the enrollment increased rapidly. The physical plant was expanded and Nelson Hall Administration Building, Hederman-Gunter Residence Hall and Mary Nelson Residence Hall were erected; Lowrey Hall and Ratliff Residence Hall were enlarged and improved.
- ! The College continued to grow under the administration of Dr. R. A. McLemore (1957-1968). Enrollment increased and the following buildings were constructed: Leland Speed Library, Aven Fine Arts Building (both of which were begun before Dr. Nelson retired), B. C. Rogers Student Center, Hederman Science Building, Latimer-Webb Residence Hall, Whittington Resident Hall, Self Hall and Hendrick House (President’s home). The old cafeteria was converted into a women’s gym; the Old Chapel (now Provine) was restored; Ratliff and Chrestman residence halls were renovated.

- ! Dr. Lewis Nobles' administration (1968-1993) saw continued growth in the areas of enrollment and quantity and qualifications of faculty. An addition to the library was made and the electronic media center emerged. Other construction included: Cockcroft Hall for the School of Nursing and Department of Home Economics, A. E. Wood Coliseum, and the James Moody Adams Field House. The Law School building in downtown Jackson was remodeled and was occupied by the School of Law in 1981. The Latimer House, a Victorian home, was dedicated in 1991.
- ! With the resignation of Dr. Nobles on August 3, 1993, Dr. Rory Lee, Vice President for Institutional Advancement was named Acting President.
- ! Dr. Howell Todd began his administration July 1994, and began physical improvement to maintain and replicate the architectural character of the campus. Renovations and remodeling have transformed Nelson Hall, Alumni Hall, Jennings Hall and Jennings Annex, Self Hall, Farr Hall, and Latimer-Webb Residence Hall. Remodeling was completed on B. C. Rogers Student Center, Hederman Science Building, Mary Nelson Residence Hall, and Hederman-Gunter Residence Hall. New construction included: The New Men's Residence Hall, The New Women's Residence Hall and the MC connector building between Self Hall and Hederman Science Building. The grounds have also undergone a make-over including The Piazza between Jennings and Alumni. New parking lots have emerged and plans are underway for the ground floor of a parking garage.

A 106,000 square foot Heathplex now stands in place of the old tennis courts; new tennis courts, baseball field and practice fields have been built. A campus-wide computer network has been installed to offer access to the Internet and act as a communication link for all administration, faculty, staff and students.
- ! Every ten years since 1922, Mississippi College undergoes a self-study that culminates in a reaffirmation visit from a group of peers representing the Commission on Colleges of the Southern Association of Colleges and Schools (SACS). In 2002, Mississippi College was reaffirmed by SACS.
- ! On July 1, 2001, Dr. Lloyd E. Roberts, Vice President for Business Affairs and Professor in the School of Business, also became Interim President of the College during the search for a replacement for retiring President Howell W. Todd.
- ! Dr. Lee G. Royce began his administration in July 2002. During Dr. Royce's presidency, Lowrey Hall, Ratliff Hall and Aven Auditorium have been renovated, Hederman and Gunter Halls have been refurbished, a new football field, soccer field, track and new practice fields have been built, stands have been added at the Tennis Complex, a new campus entrance sign was constructed, new covered batting cages have been built at the baseball field, and a Gore sculpture has been added to the campus. Also, a new Art Gallery has been constructed and 3rd floor, Alumni Hall, has been renovated as Alumni Conference Center. The Accelerated Degree Program has been established, as well as new sites in Madison and Rankin counties which are bringing increased enrollment. Other significant accomplishments include creation of the Mississippi College Foundation Board, increased fund raising efforts which include an increase in alumni giving, beautification of the campus, increase in enrollment from 3300 to 4200, and endowment growth from \$32,000,000 to \$48,000,000. Mississippi College's vision to be a university recognized for academic excellence and commitment to the cause of Christ remains strong.

The educational needs of a metropolitan area are changing, and Mississippi College responds to those needs by expanding its instructional programs. About 2,500 students are enrolled for undergraduate studies, and around 600-700 students are enrolled in the Graduate School which offers work leading to fifteen graduate degrees. In response to the need for legal education in the area of the state capital, Mississippi College also has a School of Law.
