COMMUNITY SERVICE CENTER
Dr. Eric E. Pratt, Vice President for Christian Development

INTRODUCTION

Service is a given at Mississippi College. Our Christian worldview and heritage make giving back a personal responsibility for all of us. *“It’s why we’re involved with scores of service organizations — from Animal Rescue League and Habitat for Humanity, to the Baptist Children’s Village, area churches, and the YMCA. Put a roof on a house. Mentor young elementary children. Serve the homeless. Become a Big Sister. At MC, we share and grow daily in our faith -- and then we go out and live it.”*

The Community Service Center was established at Mississippi College to enhance and promote a greater awareness of and involvement in service to the needs of the local area. The MCCSC increasingly serves as the coordinator and facilitator of service projects for campus organizations as well as for individual students, faculty, and staff members.

In keeping with the Mission Statement of Mississippi College, we seek to *“promote the spiritual, social, emotional, and physical development of its students and encourages them to utilize their skills, talents, and abilities as they pursue meaningful careers, life-long learning, and service to God and others. The university emphasizes those undergraduate, graduate, and professional programs which offer opportunities for service. Additionally, the university reflects its responsibility of service to the community through a variety of learning opportunities and numerous cultural enrichment experiences.”*
