# Create a Sub-Category for Each Chapter

The screenshot displays the Moodle 'Edit Categories' interface. On the left, a navigation menu includes 'Home', 'My home', 'Site pages', 'My profile', 'Current course', and 'Settings'. Under 'Current course', the 'Pearson Test Bank' is expanded to show various time periods. A pink box highlights the text 'Create a category for each chapter' next to the 'November 6 - November 12' period. The 'Settings' menu on the left has a red arrow pointing to 'Question bank' > 'Categories'. The main content area shows three category sections: 'Question categories for 'Course: NUR 381 Pearson Test Bank'', 'Question categories for 'Category: Departmental Resources'', and 'Question categories for 'System''. Each section lists categories with counts and icons. A modal window titled 'Add category' is open, showing 'Parent category' set to 'Default for Pearson BB Test Bank' and 'Name' set to 'Chapter 3'. A red arrow points to the 'Name' field. The 'Add category' button is at the bottom of the modal. A footer note states: 'There are required fields in this form marked \*'.

# Import the Chapter File

- Select Blackboard v6+
- Chapter sub-category

The screenshot shows the Moodle interface for importing questions from a file. The left sidebar contains navigation menus for Home and Settings. The main content area is titled 'Import questions from file' and is divided into three sections:

- File format:** A list of file formats with radio buttons. 'Blackboard V6+' is selected and highlighted in yellow. Other options include Aiken format, Blackboard, Embedded answers (Cloze), Examview, Gift format, Learnwise format, Missing word format, Moodle XML format, and WebCT format.
- General:** A section with several options:
  - 'Import category' is a dropdown menu set to 'Chapter 4'. A red arrow points from the 'Blackboard V6+' option in the 'File format' section to this dropdown.
  - 'Match grades' is set to 'Error if grade not listed'.
  - 'Stop on error' is set to 'Yes'.
  - There are checkboxes for 'Get category from file' and 'Get context from file', both of which are checked.
- Import questions from file:** A section with an 'Import\*' button and a text input field containing 'Choose a file...'. Below this is a large dashed box with a blue arrow pointing down and the text 'You can drag and drop files here to add them.'.

At the bottom right, there is a red asterisk and the text 'There are required fields in this form marked \*'.

# Rename Quiz Questions According to Chapter

The screenshot shows the Moodle interface for editing a multiple-choice question. At the top, the Moodle logo is visible. Below it, a navigation bar contains links for Logout, MC, Library, Help Center, Banner, Gmail, Contact Us, and MCnet App Status. A yellow breadcrumb trail reads: Home ► Courses ► Departmental Resources ► Pearson Test Bank ► Edit questions ► Editing a Multiple choice question.

The main content area is titled "Editing a Multiple choice question". On the left, a "Navigation" sidebar lists various options under "Home" and "Current course". The "Current course" section is expanded to show "Pearson Test Bank" with a list of dates and "My courses".

A red callout box with a white background and black text is positioned over the "Question name" field. The text inside the box reads: "Relabel your quiz questions to include the chapter number." A red arrow points from this box to the "Question name" input field, which contains the text "CH1 A client says to the admitting nurse, 'Why do you need to know".

Below the "Question name" field, the "Question text" field is visible, containing a rich text editor with a toolbar and the text: "A client says to the admitting nurse, 'Why do you need to know the names of all the over-the-counter supp I take? They aren't drugs.'" Which of the nurse's responses are appropriate? (Select all that apply.)". Below the text is a note: "Note: Credit will be given only if all correct choices and no incorrect choices are selected."

On the right side of the page, there are three bullet points: "Edit this question", "Move this question", and "Save this as a new question".
