

Service/Emotional Support Animal Agreement to Share Residence Form

When a student with a disability has an accommodation for a Service or Emotional Support Animal in campus housing, the University must inform roommates/suitemates that an animal will be living in the residence. All roommates or suitemates of the Owner must sign this agreement acknowledging that the animal will be in the residence with them prior to the arrival of the animal in campus housing. In the event that one or more roommates or suitemates does not approve, Residence Life will make necessary housing changes, if feasible. Students with medical condition(s) that are affected by animals (e.g., respiratory diseases, asthma, severe allergies) are asked to contact Student Disability Services if they have a health or safety related concern about exposure to a specific animal. The University will reasonably accommodate individuals with such medical conditions that require accommodation when living in proximity to Service or Emotional Support Animals. The Office of Residence Life will resolve any conflict in a timely manner. Staff members will consider the conflicting needs and/or accommodations of all persons involved.

aware that I am not obligated to care for the animal and I am not responsible for the animal's
well-being. I understand that I should contact the Office of Residence Life if I have any future
objections or if the animal impedes my ability to access freely my academic or residential
resources.
