Whereas, Ratliff showers have only one drain for six showers,

Whereas, that one drain gets clogged by hair, grass, mud, etc.,

Whereas, some showers always have a pool of water in the middle of the shower that is never drained,

Whereas, the showers are very small for most residents,

Whereas, many showers are missing shower heads and/or have very low pressure,

Whereas, the shower curtains are dirty and have not been replaced for quite some time or there is no curtain at all,

Whereas, about 30 random residents were asked to rate the showers on a scale of 1-10, the average rating was a 2.9 and only include one 6.

Be it resolved, the showers in Ratliff Hall be renovated.
