What if you had to replace it all tomorrow?

As noted in your housing contract, Mississippi College does not assume any financial responsibility for the personal property of students. **All students are expected to obtain renters insurance, from a provider of your choosing, prior to move in.** Here are some scenarios in which renters insurance can help:

 You leave your laptop in the library unattended as you grab lunch, to later find that it was stolen.

 You return to the residence halls after class, to find that someone accidentally caused a fire on your floor and the smoke ruined all of your clothes, books and bedding.

 You accidentally hang your clothes on the sprinkler head. Water damage destroys your stuff and the belongings of other residents on your floor.

**More information can be found in your students
housing application.**

**All students
are expected
to have
renters
insurance
while living
on campus.
