For students who are COMPUTER SCIENCE majors:

The Computer Science Department suggests freshmen take the following courses. Lecture courses with lab components are co-requisites and must be registered at the same time.

The following schedule represents a "**TYPICA**L" first-semester Freshman schedule for Computer Science:

CSC	115	Foundations of Computer Science	3 hours
ENG	101	English Composition	3 hours

Introductory Science class   4 hours
        Choose one of the following:
        ▪CHE   141   General Chemistry I Lecture AND Lab **OR**
        ▪BIO   111   Biology I Lecture AND Lab **OR**
        ▪PHY   151   General Physics I Lecture AND Lab

MAT	121	Calculus with Analytical Geometry*	3 hours
BIB	110	Old Testament (**OR** BIB 120: New Testament)	3 hours
Physical Education Course (Optional)			<u>1 hour</u>
			17 hours

* Students without a solid foundation in High School math (Minimum = Algebra / Trigonometry / Pre Calculus or Calculus) OR less than a 25 on the Math section of the ACT are advised to take MAT 102 Trigonometry).

▪ Students should choose the Science Course that is most appropriate for his/her interests.

You may have AP credit, dual enrollment, or transfer hours that would change this "typical" schedule. You may be on a varsity sports team or in the choir and may need to adjust this schedule. The truth is that no one is typical, but this schedule is a good place to start. When you meet with your advisor to register, be sure to
tell him/her about your specific set of circumstances
so you end up with YOUR schedule and not just a
typical schedule.

> **Chapel:** Freshmen are required to take a total of 4 semesters of chapel. Freshmen are automatically enrolled in Freshman Chapel/Blue & Gold 101 for their first Fall semester.
